## THE LAST DAY OF THE FAIR

IT CLOSED LAST NIGHT WITH THE HORSE SHOW.

The Most Successful Fair in the History of Hunt County—Horse Show Awards.

The seventh annual Hunt County Fair has passed into history. The horse show, motion pictures and fireworks last night closed the last and fourth day of the big amusement enterprise, which, by the way, has proved a success in every sense of the word.

The fair directors, needless to say, are delighted with everything and everybody, and make no bones expressing their gratitude.

Since Wednesday morning the countenance of each director has passed through three distinct stages: anticipation, wherein every nerve is on edge eagerly, yet somewhat fearfully, awaiting the inevitable; temporary disappointment, an expression of blasted hopes; and, finally, supreme realization, the state of mind which causes the ear-to-ear grin and half-fellow-well-met attitude so rarely seen in the busy man's face.

Yesterday and last night the directors were fairly beaming in their good nature.

The number of paid admissions yesterday, while not so large as on the day before, ran well over the three thousand mark. The weather was almost ideal, the day being much cooler than preceding days.

The combined automobile and horse races in the afternoon attracted admiring hundreds who filled the grandstand and surged around the fence in their eagerness to witness the close finishes. After the races the various shows and stands on the pike did a land office business, while the criers vied with each other in advertising their particular stock in trade.

Earlier in the evening the motion picture show held the boards, and attracted a large audience.

At 8:15 the horse show was successfully staged, and drew the plaudits of the multitude. This was followed by a display of Paine's fireworks, which closed the fair, although the pike was thronged with sightseers until a late hour. The daring youth stepped lightly along beside the blushing maiden, and the timid young man strolled about with the dashing coquette. But in spite of their difference in temperament, they enjoyed themselves to the utmost and were vital factors in causing the directors expansive grins.

### Horse Show Winners.

The second horse show of the Hunt County Fair held last night, was, if possible, an even greater success than the first one. In the first place, there were more contestants to lay claims for the prizes. Secondly, the manager and his assistants had profited from former experience, and there was no delay, once the show had started.

Miss Mayberry was a participant in the winning of two first places, and also received the highest award for best lady rider.

In the contest for best lady and gentleman rider, horse and rider considered, Mr. Ray Alexander and Miss Mayberry on Messrs. George Wilcox's and Nat Arnold's horses won first prize.

Mr. Hugh Yelverton and Miss Maudie Beaton, on J. B. Murphy's horses secured second prize.

In the contest for best lady rider, 1st place went to Miss Mayberry on Mr. George Wilcox's horse. 2nd place was awarded to Miss Maudie Beaton on Mr. J. B. Murphy's horse.

In the children's pony ride Miss Angie Whitmore secured 1st prize; Miss Mitchell 2nd; and Miss Mabel Scott 3rd.

For best gentleman rider, horse and rider considered, Mr. W. F. Norman, riding his own mount, was awarded 1st place. 2nd place went to Mr. Ray Alexander, who rode Mr. Nat Arnold's horse.

In the contest for the best single driver, Miss Mayberry and Miss Moody in Miss Mayberry's rig took 1st prize. Mr. Will Camp and Miss Lottie Hardin in Mr. Camp's rig secured 2nd place.

For best matched pole team, Mr. J. Sid Arnold and Miss Grace Arnold won first prize. Mr. Charlie Hedrick was awarded 2nd place.

The judges for the event were Messrs. J. C. Burch of Campbell, L. H. Ellis of Clinton and J. A. McAdams of Huntington, Tenn.

### In a Dying Condition.

People who do not grow, people who do not read, people who do not get prices this week at Chandler's for any thing from a tea spoon to the best suit of furniture, are actually in the above position at least. Come early and bring your figures.

B. S. CHANDLER.

### Give Home Preference.

Why send off to have your Summer clothes made when you can get them made right here at home by Fred Biorcks just as cheap and you can see them while they are being made and there is no chance of your suit being made wrong or out of style.

All harness repaired neatly and satisfaction guaranteed at Boykin's, Lee Street.

## WAR OVER IN NICARAGUA.

Madrid and Estrada Factions Agree Upon Terms of Peace.

New Orleans, La., Aug. 20.—Cablegrams received this afternoon from Huehuetenango to the steamship company state that the revolution in Nicaragua has ended and that the Madrid and Estrada factions have agreed upon terms of peace.

At the headquarters of the Madrid faction in this city, it is declared that no such cablegram had been received there. Cablegrams to the steamship company announce that Madrid has been succeeded by Jose Estrada, lead brother of General Juan Estrada, leader of the revolutionists.

## THE LAST DAY'S RACES

HORSES AND AUTOMOBILES THE CENTER OF INTEREST.

The Concluding Program the Best of the Meet—Some Fine Driving.

Yesterday marked the close of the seventh annual Hunt County Fair and the last day was in many respects the best. There were both horse and automobile races and they were all good. The horse races were very close, some of them being nose to nose finishes. In the third race, a 12 mile running, Ternus ran away just before the race, going a fine mile. He then went into the race and won by a length. Following are the results of the horse races:

Free for all pace, best two out of three, Stippenland 1st, Miss Johnnie 2nd, Ben B. 3rd; time for heats, 108 3/4, 108 1/2, 107 1/2.

Running, three furlongs, L. B. Davis 1st, Harry H. 2nd, Minnie W. 3rd; time 40 seconds.

Running 12 mile, Ternus 1st, P. Hart 2nd, Tom Long 3rd; time 51.

The automobile races were all exhibition drives, no prizes being hung up. There were several good exhibitions, too, and some fine driving was done. Hump Beall in his little model 10 Buick was a sensation as he came within 20 seconds of equalling DeWitt's mark of 1:32 for three miles. Beall is a home driver who has been driving as an amateur but he is getting out of that class now, and his driving yesterday was as good as any done here. He had DeWitt going most of the time in both yesterday's and Friday's races.

Jesse Hingsworth in his Maxwell G was the first on the track, giving an exhibition run of five miles. Owing to the condition of the track he did not do his best as he was not familiar with it and had not had a chance to go over it. He went the distance in 9:04.

C. J. Smith of McKinney, an amateur driver in Harry White's stock Buick 16 went the five miles in 8:07 1/2. His effort to lower Hingsworth's record came near costing him his life. On the seventh lap as he turned into the home stretch he turned his car loose too soon and it slid toward the inside rail and in pulling it back he came very close to sending it through the fence. His presence of mind saved a serious accident as the car was going about 45 miles an hour at that time. He slowed down on the turns after that.

DeWitt and Hump Beall went a three mile dash, DeWitt in the big Buick, and Beall in the model 10. It was the most exciting of the races. Beall put off with a good lead and DeWitt started out to overhaul him. He passed him on the beginning of the fourth lap and in doing so set what is said to be the world's record for a half mile on a half-mile track. He did it in a fraction less than 33 seconds. He made the mile in 1:15, which is pretty close to the world's record for that distance on the short track. DeWitt's time on the full three miles was 4:32, and Beall's was 4:53.

Walter Samuel started a two mile drive in the Hupmobile which was wrecked yesterday. He had to stop at the end of the second lap on account of the steering gear and front wheels being bad making it dangerous to go further.

The auto races, and others too, have been an immense success in every way. Yesterday and Friday there were immense crowds, the grandstand filled and a long line against the fence most of the distance. Everybody enjoyed the exhibition to a full extent and excepting the accident to Egbert Samuel there was nothing to mar their pleasure. That there was not more accidents is remarkable. To Mr. Bert Beall who managed the races is due great credit.

The out of town drivers were all greatly pleased with everything here, though the track was a little slow, but that can be easily remedied for the next meet. The plans that are being made for a meet this winter will probably be successful and some races as classy as can be run on a half mile track will be seen.

### A Secret.

How you can save money and be satisfied. Buy your furniture where it is marked in plain figures and no X, Y and Z's. B. S. CHANDLER, The Furniture Man.

Glasses correctly fitted to the eye, lenses ground and made while you wait—Dr. M. Baskow, Optician.

## TWO THOUSAND DOLLARS

APPEAL OF THE COMMITTEE ON THE STREET CAR BONUS.

The Money Must Be Subscribed by Noon on Monday to Secure the Line.

Citizens of Greenville, we must have two thousand dollars more to lose the street car deal.

We must have this money, or else edge subscriptions for that amount by tomorrow at noon. Some of our citizens are not doing their duty to save this enterprise. It is an undertaking adopted and approved by a vote of the tax payers of this city, and every good citizen ought to help some.

Any one can find an excuse for not giving, but it is the patriotic and progressive man that gives because it is a public enterprise, notwithstanding his private objections thereto.

When this street car system is established, and you have not contributed a cent, you will never forgive yourself.

We must have \$2,000 more, and those who have not subscribed and those who desire to increase their subscription, will please see, or phone E. W. Harrison, C. W. Gee, Sam Brantboffer, Wm. Bacon, R. M. Deane, H. A. Barsun, Joseph F. Nichols and Secretary of Booster Club.

Sums in any amount will be received, and if cash not ready advise committee men. Respectfully,

JOSEPH F. NICHOLS, Chm'n.

## GREENVILLE COTTON EXCHANGE

Organization Effected and Officers Elected Yesterday Morning.

Yesterday morning a number of cotton men met in the office of Jones, Clarke & Co. and organized a cotton exchange for the coming season. There was a large attendance, some ten firms being represented.

The following officers were elected: H. T. Clark, president; H. L. Warren, secretary and treasurer. The president appointed a board of managers, consisting of Messrs. Pagen, Bond and W. C. Poole, and they were instructed to confer with the managing officers of the exchange in its general administration.

The president was instructed to secure rooms and have direct wire connections with New York and New Orleans exchanges.

The exchange will be in a position to furnish market reports of all kinds and will have an expert operator in charge of the fast wire; also a telephone operator to give out the quotations promptly to all members. In the past the exchange has furnished the market reports to all the cotton oil mills and cotton buyers within a radius of fifty miles of Greenville and expects to continue this service in the future.

Several new firms are opening offices in Greenville this season and the cotton raisers of this section may feel assured that the competition will be brisk and keen at all times and that prices will be kept at the highest level.

Notice to Patrons.  
We will be found next door still doing business while the concreting is going on in our place.

## CRIPPEN TO CROSS OCEAN.

Dentist and Miss Leneve Taken from Quebec Jail.

Quebec, Aug. 20.—Dr. Crippen and Miss Leneve were taken from the Provincial jail early today in separate carriages and driven rapidly westward. The couple was a charge of Detectives Dew, Sergeant Detective Mitchell and two wardens. They boarded the steamer Montcalm, which touched here early this afternoon, and which departed at 7 o'clock for Liverpool. The detectives with Crippen and Miss Leneve met the Montcalm in the tug, Cape Rouge about seven miles west of Quebec on the St. Lawrence river, where the couple were quietly placed aboard the steamer. Great secrecy was observed by the detectives in removing the prisoners from jail, as it was desired to avoid a demonstration. The Montcalm is due in Liverpool a week from today.

## COTTON GOES UP AGAIN

ADVANCE IN AUGUST STAPLE ON NEW YORK EXCHANGE.

New Record for Season Established. August Cotton Sells Up to 16.43 During Trading.

New York, August 20.—The cotton market today experienced another phase of the big bull campaign which has been in progress here since last winter under the leadership of the southern bull operators, and there was a sensational advance in the price of August cotton.

The speculative shorts who, in spite of the big prices reached in May and July, had been waiting until the last moment hoping that the new crop movement in the Southwest would lead to a liquidation of the bull holdings, became active buyers.

The offerings, however, were very small and after the opening at 15.93 August deliveries were quickly sold up to 16.43, about \$2.50 per bale above the closing price of yesterday and at a new high record for the season.

It was estimated that the shorts are not able to buy over 2000 or 3000 bales on this big advance and the rumors that the total interest remaining will be covered in an excess of 50,000 bales rendered the whole market very nervous and excited.

Your watch repaired for less money than the big store with big expense.—T. P. Flagg.
